

Bennington Financial Big Hearts Group Award

Bennington Financial arrived on the scene in Spring of 2022 but had an incredible impact on our organization from day one! We had no idea what kind of amazing partnership was in the works when we walked through the doors to meet with Troy and the team. As we sat discussing ways they could be involved we happened to mention that we were looking for a van sponsor to help us transport food. Little did I know that vehicle leases were a part of their gig! Within a week Bennington Financial had secured a van and we started the paperwork. The day we picked it up, they surprised us by loading it with food for our program! We can't tell you how incredible it's been to have that van. We use it all the time for food transport. In addition, Bennington Financial will also hold fundraisers and make general donations. And this year, we have welcomed them as volunteers to pack bags. Their support is endless, and we are thrilled to recognize them with our Big Hearts Group Award. Thank you for everything you do and congratulations!
