

Halton Auto Service & Transmission

Big Hearts Group Award

Most would agree that starting and running a business takes all the hard work and determination anyone can muster. Opening multiple locations and doing it successfully for over 40 years is nothing short of commendable.

Ron Kulla of Halton Auto Service and Transmission has run his 3 family-owned and operated locations since 1980. They have been recognized for their excellence in their field and are rated top of their class year after year.

What further separates Ron, his family, and his staff is their dedication to giving back to the communities they are in.

Over the years Halton Auto Service and Transmission have looked for ways to help bring awareness to and fundraise for causes that are close to their hearts. It began with the organizing of a charity event in Mississauga for the Peel Partners for a Drug Free Community. This event ran for 13 years before becoming what is known today as the Charity Poker Run. Each year a charity is chosen to receive event proceeds. They have fundraised for causes such as Journey for Jacob and the Milton District Hospital Foundation to name a couple.

We are proud at Food4Kids Halton to be one of the organizations Ron's family and team have supported. For the last few years, they have helped support our fundraising efforts such as Flowers for Mom and our On-Line Auction but most notably have sponsored our Milton and Campbellville Santa Clause Parade floats. They not only cover the cost of our entry fees and provide the vehicles and trailer but also all the thousands of candy canes we hand out each year along the parade route.

It's people and businesses like Ron and his team at Halton Auto Service and Transmission that help make our communities a better one. Selflessly they give of themselves to ensure those around them have more and better when they need it. They are kind and humble and truly deserving of this year's Big Hearts Award.
